Commencement Speaker

E. Fay Jones

Professor Emeritus E. Fay Jones, an Arkansas native, received the highest honor of the architectural world February 22, 1990, at the White House when President George Bush presented Jones with the Gold Medal of the American Institute of Architects. At the AIA banquet honoring Jones, Prince Charles praised Jones for "the poetry of architecture, a poetry arising out of buildings in harmony with their natural surroundings. They seem to evoke the amplitude of nature without damaging nature."

Jones, the first student to enroll in the University of Arkansas architecture department, was also to become the first Dean of the UA School of Architecture. He taught architecture for 35 years at the University until he accepted emeritus status in 1988.

Before he began teaching at the University of Arkansas, Jones studied and worked under another AIA Gold Medal winner, Frank Lloyd Wright. In 1985 Jones was selected for the first Distinguished Professor Award ever conferred by the Association of Collegiate Schools of Architecture. Of the other Americans to win the AIA Gold Medal, none has combined as has Jones an eminent teaching career with such a notable private practice.

He is best known internationally for his Thorncrown Chapel in Eureka Springs, a 1981 AIA Honor Award winner, and for the Mildred B. Cooper Memorial Chapel in Bella Vista. He has also long been highly regarded for his designs of distinctive and beautifully personal homes.

The founder of the Fayetteville architectural firm, Fay Jones & Maurice Jennings Architects, Jones built his first home for himself and his wife Mary Elizabeth "Gus" Jones. They have two daughters, Janis and Cami. Jones was born in Pine Bluff and grew up in El Dorado, and, except for several years of service in the Navy, has lived his entire life in Arkansas. He holds a bachelor's degree in architecture from the U of A and his master's degree in architecture from Rice University.

The University Mace and Batons

The mace and batons are symbols of the authority and history of the University and are made from balusters from the original main staircase of Old Main, erected in 1875, the oldest University building now standing. The batons are carried by members of the faculty who have served as chairs of the Campus Council or the Campus Faculty. The mace is carried by the chief marshal, who is the current chair of the Campus Faculty.

Marshals' Gowns

The gowns worn by the marshals are of the traditional University color, cardinal red.

Honor Stoles

White or cardinal stoles denote students who are candidates for University honors. White represents High Honors (summa cum laude) and cardinal represents Honors (cum laude).

Academic Regalia

The styles of gowns differentiate degree level. Trim of doctoral gowns indicates nature of degree (black or dark blue—Ph.D.; light blue—Ed.D.). Certain members of the faculty wear distinctive gowns and hoods authorized by their doctoral institutions. The lining of the hoods denotes the color(s) of the institution awarding the degree. The official colors of the University of Arkansas are cardinal and white.

The color of the velvet band around the hood designates the academic degree of the wearer. Some examples are listed below:

Agriculture	<i>Maize</i>	Medicine	<i>Green</i>
Architecture	<i>Blue Violet</i>	Music	<i>Pink</i>
Arts and Letters	<i>White</i>	Nursing	<i>Apricot</i>
Business and Bus. Admin.	<i>Drab</i>	Pharmacy	<i>Solid Green</i>
Economics	<i>Copper</i>	Philosophy	<i>Dark Blue</i>
Education	<i>Light Blue</i>	Physical Education	<i>Sage Green</i>
Engineering	<i>Orange</i>	Public Administration	<i>Peacock Blue</i>
Fine Arts	<i>Brown</i>	Public Health	<i>Salmon Pink</i>
Forestry	<i>Russett</i>	Science	<i>Golden Yellow</i>
Home Economics	<i>Maroon</i>	Social Science	<i>Cream</i>
Humanities	<i>Crimson</i>	Social Work	<i>Citron</i>
Journalism	<i>Crimson</i>	Speech	<i>Silvery Gray</i>
Law	<i>Purple</i>	Theology	<i>Scarlet</i>
Library Science	<i>Lemon Yellow</i>	Veterinary Science	<i>Gray</i>

The University Song

In 1909 a prize of fifty dollars was offered for the best poem relating to the University of Arkansas which should be capable of being set to music and used as a college song. Out of many entries, that of Mr. Brodie Payne, '06, of Hot Springs won the prize. The words were set to music by Professor H. D. Tovey, Director of the Conservatory of Music and Art at the University.

Alma Mater

Pure as the dawn on the brow of thy beauty
Watches thy soul from the mountains of God
Over the Fates of thy children departed
Far from the land where their footsteps have trod.
Beacon of Hope in the ways dreary lighted;
Pride of our hearts that are loyal and true;
From those who adore unto one who adores us—
Mother of Mothers, we sing unto you.

We, with our faces turned high to the Eastward
Proud of our place in the vanguard of Truth,
Will sing unto thee a new song of thanksgiving—
Honor to God and the Springtime of Youth.
Shout for the victory or tear for the vanquished;
Sunshine or tempest thy heart is e'er true;
Pride of the hills and the white-laden Lowlands—
Mother of Mothers, we kneel until you.

Ever the Legions of Sin will assail us,
Even the Battle in Cities afar;
Still in the depth will thy Spirit eternal
Beckon us on like a piloting Star.
Down the dim years do thy dead children call thee,
Wafted to sleep while the Springtime was new;
We, of the Present, thy Hope of the Future—
Mother of Mothers, we pray unto you.

The University Seal

The Seal of the University of Arkansas is affixed to each diploma and is stamped in gold on each diploma cover. The central element in the Seal is the front entrance to Old Main, the oldest building on the campus.

HONORARY DEGREES

Doctor of Arts and Humane Letters

E. Fay Jones

Doctor of Laws

Robert D. Havener

BURLINGTON NORTHERN FOUNDATION AWARDS

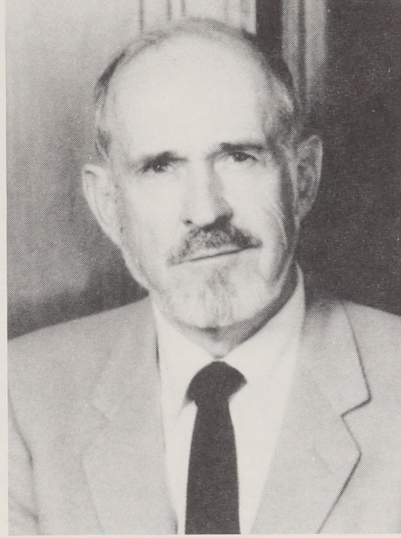

For Excellence in Teaching

A. Wallace Cordes

For Excellence in Research

Frederick M. Stephen

Honorary Degree Commendation

E. Fay Jones

In a White House ceremony February 22, 1990, Professor Emeritus E. Fay Jones received the American Institute of Architects (AIA) Gold Medal, architecture's highest honor. President George Bush, in presenting the medal, praised Jones' work by stating:

"Grounded firmly in his Ozark roots, Fay Jones has created a truly American architecture that is respected the world over. His reverence for the land and his respect for the inner needs of the people who visit or dwell in his buildings give his architecture rare beauty and dignity."

The AIA's Gold Medal recognized a lifetime achievement by Jones, including over 200 notable dwellings, public buildings and internationally regarded chapels. Thorncrown Chapel in Eureka Springs, which received an AIA Honor Award in 1981, was described by *Architecture* magazine as "the most complete and fully expressed architectural thought built in the last 10 years."

A Pine Bluff native, Jones was raised in El Dorado, Ark. He received his Bachelor of Architecture in 1950 from the University of Arkansas and his Master of Architecture in 1951 from Rice University. He was honored in 1981 with a Distinguished Alumnus Citation from the U of A. A former Dean of the UA School of Architecture, Jones taught briefly at the University of Oklahoma before accepting a teaching position with the U of A which continued for 35 years until he received emeritus status in 1988.

Jones is married to the former Mary Elizabeth "Gus" Knox, and they have two daughters, Janis and Cami.

Honorary Degree Commendation

Robert D. Havener

Robert D. Havener, the President and Chief Executive Officer of Winrock International in Morrilton, leads an organization that is responsible for research and development projects and over 200 staff in 20 countries around the world.

Havener, who was raised on a general crops and livestock farm in Summerfield, Ohio, holds academic degrees in animal science and public administration, including a Master of Public Administration from Harvard University in 1972, and a master's degree and bachelor's degree from Ohio State University in 1958 and 1952.

Prior to entering international development work, Havener served as a county agent and extension specialist with Ohio State University, and as a manager with Ohio Farm Bureau Cooperatives. He spent 18 years living and working in developing countries in Asia, Latin America and the Middle East. During the era of the Green Revolution in agriculture, he managed the Ford Foundation agricultural grants to Pakistan. From 1972-76 he directed the Arid Land Agricultural Development program which focused on rainfed farming systems in the 22 countries of the Middle East. Havener is a former Director General of the International Maize and Wheat Improvement Center in Mexico. He has served as a trustee or director on the boards of several of the International Agricultural Research Centers and as Chairman of the Director Generals Association.

Havener is the author of numerous articles and papers on global food programs and systems, and is a member of the Advisory Board of the World Food Prize. He also serves on the Commission on Arkansas' Future and is a U.S. Army veteran.

Havener is married to the former Elizabeth Gota, and they have a son, Steven.

Burlington Northern Foundation Award For Excellence in Teaching

A. Wallace Cordes

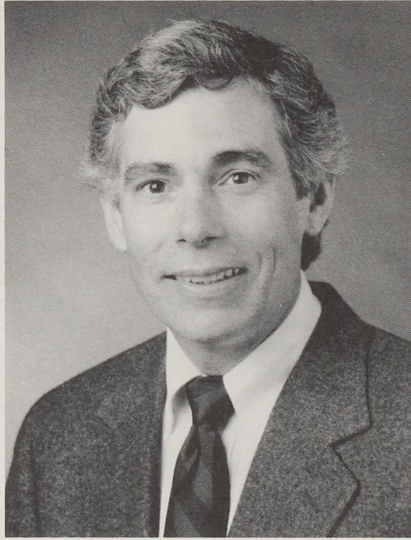

University of Arkansas Chemistry Professor A. Wallace Cordes of the J. William Fulbright College of Arts and Sciences has taught at the U of A since 1959 and served as Chairman of the Department of Chemistry and Biochemistry from 1984-1988. His many previous awards for teaching excellence include the Arkansas Alumni Association Award for Teaching and Research in 1978 and the Fulbright College Outstanding Teacher Award in 1983. He was selected as a charter member of the University of Arkansas Teaching Academy in 1983.

A former Alfred P. Sloan Fellow at the U of A from 1967-69, Cordes is nationally recognized by his peers as an extraordinary teacher of chemistry. In addition to having taught thousands of UA graduates during his career, Cordes was selected in 1986 as one of the primary staff members of the Fifth Woodrow Wilson Institute for High School Teachers at Princeton University. The author of more than 125 research papers, he has been a regular contributor to the Fayetteville Summer Enrichment Program for gifted eighth and ninth graders and to summer workshops for grade school and junior high teachers. He has also taught chemistry seminars at other colleges in Arkansas and the region.

Cordes has been selected as a Visiting Scholar or Professor at many universities, including Harvard, Stanford, California Institute of Technology, Indiana University and the University of British Columbia. His research at the University has focused on X-ray crystallography and the synthesis and single crystal structure determination of inorganic ring and cage molecules. He received his doctorate and master's degrees from the University of Illinois, Urbana, in 1960 and 1958, and his bachelor's degree from Northern Illinois University in 1956.

Cordes, known as Wally, is married to the former Doris Kaiser, and they have four children, David, Janet, Karen, all UA graduates, and Roger, a UA junior.

Burlington Northern Foundation Award For Excellence in Research

Frederick M. Stephen

University of Arkansas Entomology Professor Frederick M. Stephen of the UA Division of Agriculture is a scientist on the leading edge of forest pest entomology research. His nationally esteemed research projects have forged interdisciplinary breakthroughs in forest ecology management by focusing the efforts of zoologists, biochemists, plant ecologists, and plant pathologists on understanding the life chain within forests. Stephen has been especially innovative in implementing state-of-the-art technology such as computer modeling, x-ray photography, expert systems and geographic information systems in his research projects. Stephen has also been named the UA Division of Agriculture John W. White Research Award winner for 1990.

Stephen's primary research interest is in the population dynamics of forest insects, including the investigation of natural enemies, fungal symbionts and properties of host tree resistance in southern pine beetle population dynamics. He is an internationally recognized expert, and has presented over 34 seminars and contributed more than 90 scientific presentations nationally and at universities in Germany, Switzerland, Canada and England. He has also served as an expert witness before Congress, and for the Arkansas Bureau of Legislative Research. He holds a doctorate in entomology from San Jose State University and a bachelor's degree in entomology from the University of California, Berkeley.

Stephen's research is environmentally significant because it allows for more precise assessments of pest damage in such areas as national forests, wilderness areas and high-use recreational areas, and minimizes disruptive control practices such as pesticide usage while protecting endangered species. The importance of his research has been recognized by the awarding of almost \$2 million in research grants from 1976-1989 from agencies such as the National Science Foundation, the U.S. Department of Agriculture and the USDA Forest Service.

Stephen is married to Judy Rogers-Stephen and they have three children, Daniel, Alison and Mac.
